Hi Jennifer,

Wuanisha forwarded me your inquiry re: offers of assistance following the release at the Gold King Mine.

EPA has set up a vendor portal to manage all the offers of assistance. The company can call:

970-812-3351. There is also an information page on our website with additional information regarding resources:

<http://www2.epa.gov/goldkingmine/gold-king-mine-resources-information>

Please let me know if you have further questions.

Thanks,

Carolyn

Wuanisha,

We've had a California company contact us that is trying to get in touch with the EPA that would like to speak with someone over there about assisting in cleanup efforts on the spill that took place in Southwest Colorado on Aug 5. Do you have a name that I could provide to this company? Anyone that is at least available to take their call?

Thank you,

Jennifer
